Takasago Thermal Engineering Co., Ltd. Myanmar Branch Office

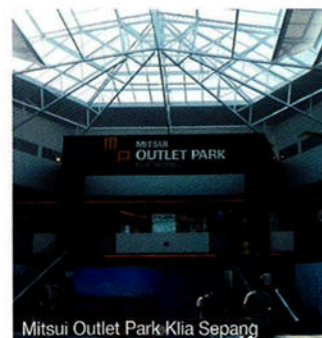

Established: 2014

T.T.E. Engineering(Malaysia) Sdn. Bhd.

Established: 1980

A wide variety of services are offered, from planning to maintenance, for dealing with primary-side electrical work, civil work, and special utility construction, with a focus on M&E.

Mitsui Outlet Park-Klia Sepang

Meiji Ice cream (Guangzhou) Co., Ltd. Factory

Mitsui Kinzoku Advanced Creamics (Suzhou) Co., Ltd. Wujiang Factory

Takasago Constructors & Engineers (Beijing) Co., Ltd.

Established: 2003

Offers a comprehensive range of construction services including building, utility and other systems. There are nine branches, including the head office in Beijing, and business is expanding across the whole of China.

Takasago Thermal Engineering (H.K.) Co.,Ltd.

Established: 1994

Our work is centered around M&E, and we have contributed to the development of the area, by working on a range of facilities from large scale buildings, like skyscrapers, to providing special air-conditioning for research institutions and hospitals, all of which has been highly rated.

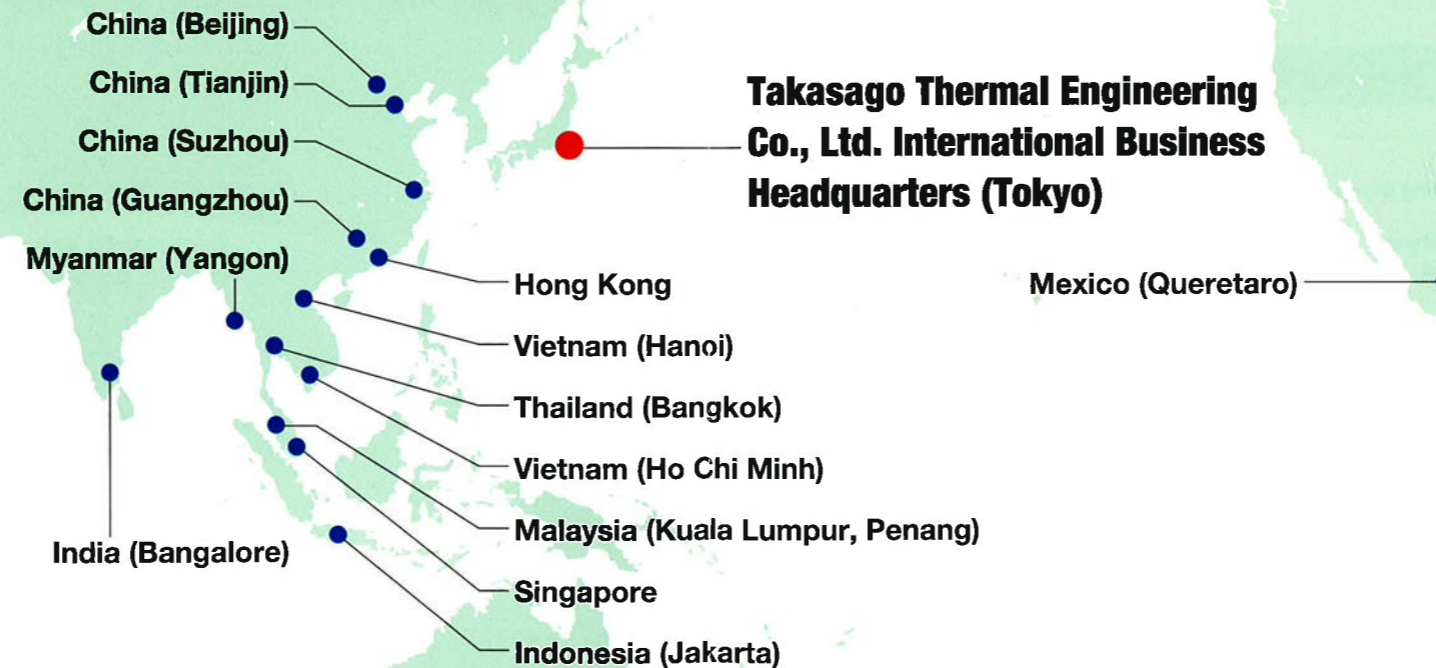

Takasago Thermal Engineering Mexico S.A.DE C.V.

Established: 2014

In November 2014, local subsidiari was established in Queretaro City, Queretaro State, which is located to the northwest of Mexico City. Currently Mexico is experiencing rapid growth, and we are working on projects which prioritize manufacturing equipment, while offering a full range of business services, including design, construction and maintenance of energy conservation, electricity while being conscious of reducing its environmental impact, machine installation, and utility systems.

Takasago Thermal Engineering Co., Ltd. International Business Headquarters (Tokyo)

Takasago Singapore Pte. Ltd.

Established: 1974

Our company' s first overseas expansion was establishing a branch office in Singapore in 1974. Starting with skyscrapers, our business has tackled many properties, including semiconductor manufacturing factories, medicine manufacture, dry rooms and our fields of business have changed to meet the needs of the area, such as advanced medicine, infrastructure development projects and energy conservation businesses.

As a hub in Southeast Asia, we aim to continue working closely with our customers and to expand our business even more in the future.

P.T. Takasago Thermal Engineering

Established: 2013

We offer all sorts of services ranging from planning, construction, maintenance and even renewal of building equipment, spanning the whole life cycle of the property, as well as providing related work like HVAC, sanitation and electricity systems, so that we provide a one-stop service that contributes to energy conservation and CO2 reduction for our customers.

Takasago Vietnam Co., Ltd.

Established: 2007

We are performing design and construction services, with a focus on factory facilities. We have a head office in Hanoi, in the north of Vietnam, and a branch in the south in Ho Chi Minh, so we have put in place a system that can cover both the northern and southern parts of the country.
